

# g Cola<sup>®</sup>Teric CET

CLEARANCES: TSCA, DSL, AICS, PICCS, NZIoC, REACH, EINECS, ENCS

**INCI NAME:** Cetyl Betaine

**CAS No.:** 693-33-4

**EINECS No.:** 211-784-4

## INTRODUCTION

Cola<sup>®</sup>Teric CET is a mild amphoteric surfactant with inherently low skin and eye irritation. Cola<sup>®</sup>Teric CET stabilizes foam and builds viscosity in personal care cleansing formulations, and it imparts an unique after-feel to skin and a conditioned softness to hair. Cola<sup>®</sup>Teric CET is also stable in extreme pH conditions and in the presence of oxidizers.

## WHAT IS IT GOOD FOR?

- Personal care cleansing products
- Alpha hydroxy acid skin care formulations

## BENEFITS

- Excellent after-feel
- Foam stabilizer
- Viscosity builder
- Stable in extreme pH conditions

## PRINCIPAL USES

- Conditioning shampoos
- Mild skin cleansers
- Alpha hydroxy acid cleansers

## TYPICAL PROPERTIES

Appearance	Clear liquid
pH (as is)	7.0 – 8.0
Solids, %	35.0 – 37.0
Color, APHA	200 Max.
NaCl, %	4.0 – 7.0
Ethanol, %	8.7 – 9.7

## STRUCTURE
