Simplify your supply chain by relying on KGI for all your ingredient and packaging needs.

Leading Hybrid Distributor of Chemicals, Ingredients & Packaging Materials

- Family-owned and operated since 1982.
- Serving 700+ customers in the USA, Latin America, and the Caribbean.
- 45,000 sq. ft. distribution center just minutes from the Port of Miami and MIA.
- Third-party warehousing in strategic locations, including Puerto Rico.
- GreenLab established in 2007 to promote environmentally sustainable products and practices.
- U.S. FDA registered Food Storage Facility.

Third-Party Verified

As a proud member of the **National Association of Chemical Distributors**, we adhere to **Responsible Distribution**, a third-party verified management system that assures that our products and operations meet the highest industry standards for quality, safety, security, and environmental stewardship. We are also members of the National Association of Container Distributors, the leading trade association for the packaging distribution industry.

Pre-form /pre'fôrm/

Noun: An intermediate packaging component that is made from PET plastic and used to manufacture PET bottles with a process called blow molding. Preforms vary by neck finish, weight, and color depending on the type of container to be produced.

Why KGI for PET Preforms?

- ▶ Largest preform library in the world
- ▶ Millions of units in stock in various sizes
- ▶ Recycled PET (rPET) options available
